

GLAMOUR Bridal Workshops at The Wedding Expo®

The GLAMOUR bridal workshop at **The Wedding Expo®** is perfect to help you plan both your future and your wedding day! They will not only help you choose the right marriage contract, but will you to choose the right dress and theme for your special day.

There are so many things to think about when getting married – the marriage contract, the new house, the wedding night, the suppliers, the décor and sooooo much more that it is difficult to know where to start.

The Wedding Expo® has a lot of experience in delivering the right kind of expertise to the bride-to-be and the bridal workshops are an extension of that service. Now partnering with GLAMOUR magazine to bring a different experience, the GLAMOUR Bridal Workshops at **The Wedding Expo®** offer the bride-to-be and her Mom the opportunity to be together in so much more than just the planning of the wedding day.

The next workshop will be on Sunday 5 September at **The Wedding Expo®** ; brides-to-be who book for the morning bride and mother workshop will arrive before anyone else, getting a sneak preview of the stands as they wander through the exhibition to the workshop venue.

After tea, the workshop will start off with Consolidated Financial Planning giving advice on how a woman should be planning for the future and what to look out for when merging two lives together. This will help you to understand how important it is to start investing for the future in a way that suits the individual lifestyle while Legalwed will explain the different marriage contracts and what reasons you should have for choosing the different ones.

Khali Collins from The Wedding Specialist and SA School of Weddings will walk you through what you need to think about when planning a wedding, she'll give you tips on negotiating with your supplier and an idea of how important a budget is and how you need to stick to it. She'll tell you why a wedding planner can help so much and she'll also give you tips on making the best of your flowers for the day.

Trés Jolie's in-house stylist and wedding coordinator will describe the tables that are in the room, discussing the themes and why he chose them. He will talk about developing a theme for your wedding day and how to carry it through.

Chris van Zyl from Focal Fusion will chat about getting the best out of your photographs and will be on hand to take a few portraits for you to take home!

Sharon Gordon from Lola Montez will answer all those questions about your wedding night, sex for the first time and keeping the romance alive; then onto tasting fabulous cakes for tea.

After tea with cake by Annica's Deli, you will hear from Bride and Co who will introduce you to the different styles of dress and what body shapes should be wearing which style of dress. They will also talk about dressing your bridesmaid and the rest of your retinue and you'll have the chance to try on dresses. GLAMOUR magazine will assist with ensuring that each bride-to-be goes home with great tips about ensuring that they will look fabulous on the day and there will be hair and makeup demonstrations to make everyone envious.

The workshop is only R375.00 per person and the bride-to-be will leave with fantastic information, a six month subscription to GLAMOUR magazine – FREE, a bridal magazine to continue the planning help – a perfect 'bridesmaid in your bag', free entrance into The Wedding Expo® and a goodie bag..... she may even leave with a fabulous prize from the many prize draws which happen throughout the morning or afternoon whichever one you book.
